## **PREDICTION**

Before each stage you will receive a link by e-mail to enter your prediction. You have to predict:

1. the 3 highest-placed Skil-Shimano riders in that stage
2. the places in which you think these riders will finish the stage

## **CRITERIA FOR JUDGING PREDICTIONS**

After each stage, the contestant who has made the best prediction is selected.

Primary judging criterion: contestants who have best predicted the highest-placed Skil-Shimano riders.

Secondary judging criterion: if more than one contestant has the same result on the primary criterion, the prediction of the correct finishing places will also be taken into account.

If there is more than one equally correct prediction, the final result will be determined by a lottery.
